Joseph Jefferson will play a season of only ten weeks next year, and "Rip, Van Winkle" will be the only play in which he will be seen.

It was through the influence of Bishop Phillips Brooks that the Salvation Army was allowed to parade the streets of Bos-ton with music. Another monument is projected in New York. This one is General Han-cock's, and it is proposed to erect it in Hancock square, Harlem.

The wife of General A. W. Greely has recently been so seriously ill as to occa-sion her friends great anxiety, but her ondition is now much improv

Bismarck is in Germany what they all a "chain smoker"—that is, he mokes from morning till night without

amokes from morning till night without a break, lighting one cigar with the end of another.

A son of Joseph Je erson, the famous American comedian of "Rip Van Winkle" fame, has been in London on a visit to his sister, who is the wife of B. J. Farjeon, the novelist. Walt Whitman has of late refused to

see the visitors who come in numbers to call on him. He has been compelled to take this precantion in self-de ense against the idle cariosity which brings them to his doors. The Beau Brummel of New York's middle-aged millionaires is D. O. Mills, who follows the fashions in male attire

very closely, wears his clothes well, and is altogether a model for a metropolitan Crossus to pattern after.

The Duke of Leinster's country house is said to have passed into the ownership of an Irish farmer, who was formerly his tenant, under the operation of the new Irish land laws. This is the building after which the White House at Washington was modeled.

Sir Edwin Arnold's resemblance to Charles Dickens attracts general atten-tion among New Yorkers. If Sir Edwin is so much better a speaker according to American ideas than most of the other lecturers Great Britain has sent or lent us, it may be because he is so much better a journalist.

ter a journalist.

Dr. Gatling says his famous gun should be regarded as a philanthropic invention, for it has saved no end of lives by scaring riotous people into submission. So he calls the deadly gun "the peacemaker." The Doctor is growing old, but he is still one of the handsomest men that visit Washington. He is tall and portly, with snow-white hair and whiskers and a kindly eye, and in thought and action he is youthful and vigorous.

John Roskin vill soon complete his

action he is youthful and vigorous.

John Ruskin vill soon complete his 72d year, and for sixty-five of those years he has been a poet, though for the most part using prose as the vehicle of expression for highly poetic thought. At the age of 7 he wrote in blank verse a singular essay on "Time." The next year he wrote an invocation to the sun to shine on his garden, which is an amusing, almost a pathetic, mixture of poetry and pathos. At the age of 20 he

gained the Newdigate prize for English poetry, and soon a ter abandoned the muse because, as he said, he could not express his ideas in verse.

NATIONAL CAPITAL.

Commodore Ramsey Devotes Much Naval Academy.

During the last four and a half days of last week the general land office issue 4,252 land patents. This is the highe 4,22 land patents. This is the highest record ever made by the office. There are now approved for patents \$20 min-eral entries in various parts of the West, and a force of clerks have been detailed to write these patents, so that within ninety days it it is expected the whole number will be in the hands of the en-

In reply to inquiry the Treasury Department has informed a Philadelphia firm that the department holds that imported black plates dipped in this country for the purpose of making tin and tin plates are included within paragraph 143 of schedule G of the tariff act, and black plates rolled from imported bars or billets should be similarly classified. There is no provision in the law restricting manufacturers to use American tin. ing manufacturers to use American tin.

ing manufacturers to use American tin.

Representative Cooper of Indiana, who introduced in the last Congress the resolution providing for an investigation of Commissioner Raum's administration of the pension office, and who personally prosecuted his charges against Mr. Raum before the House Committee on Invalid Pensions, says that if Raum retires within a month or so he believes there will be no investigation of the pension office by the Fifty-second Congress. He added that if the President was determined to keep Raum the fight would be renewed. It was for the President to say, said Mr. Cooper, whether there would be a renewal of the strife.

Commodore Folger, chief of the bu-

would be a renewal of the strife.

Commodore Folger, chief of the bureau of ordnanca, in his annual report estimates the expense of his bureau for the next fiscal year at \$4,780,291, of which \$4,138,250 will be applied toward the armanent of new vessels. The number of guns required is placed at 1,347, ranging in callber from four to thirteen inches. Although none of the ships authorized to be built require guns of sixteen-inch caliber, it is believed such guns may be needed; so necessary plans have been made to authorize the construction of one of them. It is believed the difficulties experienced abroad with these large guns can be overcome. these large guns can be overcome.

In his annual report Commodore Ramsey, chief of the bureau of navigation, devotes much attention to the Naval Academy. He says a large number of candidates or admission failed to pass the required examination. He believes this is chiefly due to the want of proper instructions. He recommends that the statutes be amended so that the appointments be made a year in advance of the time of admission. Other changes in the existing statutes are recommendinstructions. He recommends that the statutes be amended so that the appointments be made a year in advance of the time of admission. Other changes in the existing statutes are recommended as that the laws governing the Naval Academy will be similar to those governing the Military Academy. Among the changes recommended are fixing the seg for admission between 14 and 18, abandonment of the two years' cruise and the dismissal of surplus graduates upon the completion of a four years' course.

Important money and a free pass.

Edward M. Field, son of Cyrus W. Edward Bruwaer of Field and senior member of the firm of Field and senior member of the firm of Field, Lindley, Weichers & Co., which failed last week in New York, has been sent to the insane asylum. He not only 150,000 square feet of space in the exposition buildings—100,000 feet in the manufacturers' building. 20,000 in the fire arts, 10,000 in the live stock and 10 feet in the manufacturers' building. 20,000 in the fire arts, 10,000 in the live stock and 10 feet in the manufacturers' building. 20,000 in the fire arts, 10,000 in the live stock and 10 feet in the manufacturers' building. 20,000 in the fire arts, 10,000 in the live stock and lawus.

growing. A new herring fishing bank has discovered off the west coast of New-

Two large freight houses are to be erected at St. Louis, with a capacity of 100 cars at a time.

Minneapolis is already estimating the work necessary to take care of next June's convention.

Iowa farmers who experimented with sugar beets the past season are enthusiastic over the results. The Vanderbilt lines propose to run tourist sleeping cars through from New York to San Francisco.

The Island of Nassun will be connected with the coast of Florida by cable about the middle of January.

At least sixteen men have been killed thus far in the work of drilling the new tunnel at Niagara Falls. Evidence is accumulating that New York has been heavily swindled in the erection of school buildings. The sufferers by the great Boston fire

nineteen years ago who still survive were paid \$2.350 during the past year. The next Republican National Con-The next Republican National Convention will be composed of 898 delegates, or 900 in case Alaska is represented.

W. K. Sullivan, who recently resigned the editorship of the Chicago Exening Journal on account of ill health, has been appointed United States Consul at Recruids.

David T. Beals, the Kansas City banker, has recovered his child, which was stolen, on paying \$5,000 reward for

In Kansas during the past five months and a half there has been a net reduc-tion in the farm-mortgage indebtedness of \$2,300,000.

000 in gold in return.

Jack Dempsey, the slogger, is being treated by physicians for incipient con-sumption. He is in New York, and his indition is quite serious.

The Executive Committee of the Na-tional Conference of Charities and Cor-rections decided to hold the next annual neeting in Denver on June 27. By the decision of the Supreme Court of New York in the Ogden will care the

University of Chicago loses \$300,000. The decision may be reversed by the Court of Appeals The beet sugar industry in Nebraska has proven so successful and profitable that Omaha is preparing to put up a large sugar factory and have it ready for

peration next season. The blue book of New York shows more bachelors than married men in the ranks of blue blood and money. Marriage is decried as too expensive by the members of fashionable clubs. The order of Confederate soldiers known as the United Confederate Vet-

erans, General John B. Gordon com-manding, with headquarters at New Or-leans, is to extend its organization. General J. H. Rice, the father of the Alliance party in Kansas, has grown very tired of the practices of that organ-ization, and is writing letters denounc-ing the recklessness of its managers.

Benjamin Berensen, a dry-goods job-ber at Boston and one of the best-known and most-trusted members of the Jewish colony, has disappeared, taking with him, it is alleged, between \$10,000 and \$15,000 in cash and valuables belonging to other Hebrews.

Inspector Byrnes' detectives at New York have again arrested Louis Armand, the crazy Frenchman who has been annoving Mrs. Alexander, the daughter of millionaire Crocker. He was recently released from the asylum, and had begin his persecutions. gun his persecutions.

A special on the Boston and Maine road, containing the Président of the company and other high officials, was flagged by a tramp the other day in time to prevent its running upon a liurning bridge. The tramp was given a purse of money and a free pass.

#### **EDUCATIONAL**

Four Hundred Young Ladies Unable to Gain Admission to Vassar College-Miss Higgins.

High schools will be added to New York city's public system.

It is said that 23,000 Indians can read English, and only 10,000 can read their own language.

Sixty three students are now said to be working their way through Yale Col-lege and paying all their expenses.

The scholarship which carries with it a permit to live five years in Paris on \$900 a year was won the other day in Boston by J. B. Potter.

Four hundred young ladies were unable to gain admission to Vassar College this season, the institution being filled to its utmost capacity.

A fine ten-inch equatorial telescope in Lawrence University at Appleton, Wis., was made entirely by the colored pupils in the School of Mechanical Arts at Nashville, Tenn.

The executors of the Fayerweather estate now say that the bequests to the various colleges named in the will and the executor's deed of gift will be paid

over about January 1. The statistics of university attendance in Germany show a gradual decrease. During the recent summer term the total was 28,625, while last winter it was 28,-711, and one year ago it was 29,317.

The President of San Salvador, Cen-tral America, has ordered that govern-ment schools be established for the free instruction of women who aspire to the duties of postoffice clerks, printers, te-Chancell r Snow of the Kan-as State

University has returned from the East. He brought with him the Spooner bequest to the university of \$91,618 03. It is said to be the largest gift ever made to a State institution by a private individual. The preparatory school for Yale, which Mrs. Maria B. Hotchkiss gives \$340,000 to found, will be established in Salisbury, Conn. the most northwe tern town of the State and in the footbille of the Berkshires. The building is to be of an ideal school character.

Berlin this season is unusually great. At the university alone the number is 203 out of a total of 5 547. Then there are many more than this attending private clinics, studying Koch's methods, acquiring the German language or pursuing studies in art and music. The honors of entrance into the Uni-
